PROPOSED RENEWAL OF AUTHORITY FOR THE COMPANY TO PURCHASE ITS OWN SHARES

1. INTRODUCTION

On 17 October 2016, the Board announced that JTH will be seeking its shareholders approval at the forthcoming 56th AGM for the proposed renewal of authority for the purchase by JTH of its own shares up to ten percent (10%) of the issued and paid-up share capital of the Company.

The purpose of this Statement is to provide you with relevant information on the Proposed Share Buy-Back and to seek your approval for the ordinary resolution pertaining to the Proposed Share Buy-Back to be tabled at the 56th AGM. The Notice of the AGM and the Form of Proxy are enclosed in the Annual Report 2016 of the Company.

2. PROPOSED SHARE BUY-BACK

At the last AGM of the Company held on 26 November 2015, the shareholders of JTH had granted their approval for JTH to purchase up to ten percent (10%) of the issued and paid-up capital of JTH. The Share Buy-Back authority will expire at the conclusion of the forthcoming AGM of the Company which will be held on 24 November 2016.

The Board of Directors proposes to purchase further Shares from the market of Bursa Securities up to a maximum of 97,371,700 Shares representing 10% of the issued and paid-up share capital of the Company as at 26 September 2016. The maximum number of Shares that may be bought-back would include all Shares which have been previously bought-back and retained as treasury shares.

The Directors therefore wish to seek the approval of the shareholders for the Proposed Share Buy-Back. If approved by the shareholders at the forthcoming 56th AGM, the authority conferred by the shareholders for the Proposed Share Buy-Back will continue in force until the next AGM of the Company (whereupon it will lapse, unless renewed at such meeting) or until it is varied or revoked by the Company in general meeting (if so varied or revoked prior to the next AGM).

2.1 Funding, Retained Profits and Share Premium

The proposed purchase of the Company's own shares will be financed from internally generated funds.

The maximum fund allocated for the purchase of shares shall not exceed the total retained profits and share premium reserves of the Company for the time being. The audited retained profits of the Company as at 30 June 2016 was RM950 million. The Company does not have any share premium reserves as at 30 June 2016.

2.2 Public Shareholding Spread

As at 26 September 2016, the public shareholding spread of the Company was 55.43%.

Your Directors will ensure that the Company complies with the twenty-five percent (25%) public shareholding as required by Bursa Securities and will not buy back shares if the purchase would result in the public shareholding spread requirement not being met.

2.3 The Rationale and Risk Assessment

The Proposed Share Buy-Back, if executed, is expected to potentially benefit the Company and its shareholders as follows:

- Enhance the EPS of the Company and/or the Group (in the case where the Directors resolve to cancel the Purchased JTH Shares and/or retain the Purchased JTH Shares as treasury shares and the treasury shares are not subsequently resold), and thereby long term and genuine investors are expected to enjoy a corresponding increase in the value of their investments in the Company;
- If the Purchased JTH Shares are kept as treasury shares, it will give the Directors an option to sell the Purchased JTH Shares at a higher price and therefore make an exceptional gain for the Company. Alternatively, the Purchased JTH Shares can be distributed as share dividends to shareholders; and
- The Company may be able to stabilise the supply and demand of its Shares in the open market and thereby supporting its fundamental values.

The Proposed Share Buy-Back is not expected to have any potential material disadvantage to the Company and its shareholders as it will be exercised only after in-depth consideration of the financial resources of the Group.

Nonetheless, the funds used for the purchase of Shares will reduce the financial resources of the Group which may result in the Group foregoing other investment opportunities that may emerge in the future and may also reduce the amount of resources available for distribution in the form of cash dividends to shareholders of JTH.

However, the financial resources of the Group may increase in the event the Purchased JTH Shares held as treasury shares are subsequently resold at prices higher than the purchase prices.

2.4 Purchase, Resale and Cancellation Made in the Previous Twelve (12) months

The Company had during the financial year ended 30 June 2016 purchased a total of 1,000 JTH Shares.

For the period from 1 July 2016 to 14 October 2016, being the last practicable date prior to the printing of this Statement, the Company had further purchased 1,000 JTH Shares. The cumulative total number of treasury shares as at 14 October 2016 was 5,726,000 representing 0.59% of the issued and paid-up capital of JTH.

Further details on the Shares purchased during the financial year ended 30 June 2016 are set out in the Company's Annual Report 2016 under the "Directors' Report" Section.

3. FINANCIAL EFFECTS OF THE PROPOSED SHARE BUY-BACK

Based on the assumption that the Proposed Share Buy-Back is carried out in full, the effect of the Proposed Share Buy-Back on the share capital, NA, EPS, working capital and cash flow of JTH are as set out below:

3.1 Share Capital

The Proposed Share Buy-Back will not have any effect on the issued and paid-up share capital of the Company if all the shares purchased are retained as treasury shares.

The effect of the Proposed Share Buy-Back on the issued and paid-up share capital of the Company assuming JTH buys and subsequently cancels up to 97,371,700 Shares representing 10% of the existing issued and paid-up share capital as at 26 September 2016 is as follows:

	No. of ordinary shares of RM1.00 each	RM
Existing as at 26 September 2016	973,717,797	973,717,797
Less: Number of JTH shares to be cancelled pursuant to the Proposed Share Buy-Back of up to 10% of the existing share capital	97,371,700	97,371,700
Upon completion of the Proposed Share Buy-Back	876,346,097	876,346,097

3.2 NA per Share and EPS

The NA per share of the Company and the Group may be increased or decreased, depending on the purchase prices of the Shares to be bought back by the Company. Should the purchase prices exceed the existing NA per Share, the NA of the remaining Shares should decrease accordingly. And conversely, should the purchase price be lower than the existing NA per Share, the resultant NA per Share should increase accordingly.

The effective reduction in the issued and paid-up share capital of the Company pursuant to the Proposed Share Buy-Back would generally, all else being equal, increase the consolidated EPS of the Company and/or the Group. However, the Proposed Share Buy-Back, if exercised, is not expected to have any material effect on the NA per share and EPS of the Company and/or the Group for the financial year ending 30 June 2017.

3.3 Working Capital and Cash Flow

Although the Proposed Share Buy-Back will reduce the working capital of the Company to the extent of the amount of funds utilised for the purchase of the Company's shares, it is not expected to have a material effect on the working capital of the Company.

The Group's cash flow may be affected as any purchase of JTH shares will reduce the Group's cash flow. The level of reduction will depend on, inter-alia, the actual number of JTH Shares that may be purchased and their purchase prices at the relevant point of time during the period of the Proposed Share Buy-Back.

4. IMPLICATIONS RELATING TO THE CODE

The Proposed share Buy-Back is not expected to have any implication on the Code.

In the event the Proposed Share Buy-Back would result in the substantial shareholders and/or parties acting in concert with them incurring a mandatory general offer obligation under the Code, approvals would be sought from the Securities Commission for the exemption under Practice Note 9 of the Code, subject to certain conditions (as set out in the Practice Note) being met since the increase in their shareholding is inadvertent and is a result of action that is outside their direct participation.

In the event the proposed waiver is not granted by Securities Commission, the Company will only proceed with the Proposed Share Buy-Back to the extent that it will not contravene the limit as provided under the Code.

If the Proposed Share Buy-Back is implemented and there is no change in the number of Shares held by the Substantial Shareholders as at 26 September 2016, the effects before and after the Proposed Share Buy-Back on the percentage shareholdings of the Substantial Shareholders will for the purpose of illustration only be as follows :

<-----No. of ordinary shares held ----->

5. DIRECTORS' AND SUBSTANTIAL SHAREHOLDERS' INTERESTS

None of the Directors, Substantial Shareholders and persons connected to them has any interest, direct or indirect, in the Proposed Share Buy-Back and the resale of treasury shares, if any.

6. DIRECTORS' RECOMMENDATION

The Board, having considered all aspects of the Proposed Share Buy-Back, is of the opinion that the Proposed Share Buy-Back is in the best interest of JTH.

The Board recommends that you vote in favour of the ordinary resolution pertaining to the Proposed Share Buy-Back to be tabled at the 56th AGM to be held on 24 November 2016.

2.4 Amount Due and Owing by Related Parties

As at 30 June 2016, there were no amounts due and owing to the Group which exceeded the credit term.

2.5 Rationale and Benefits of the RRPT

It is envisaged that in the normal course of business, transactions between companies within the Group and the Related Parties are likely to occur from time to time. The Proposed Shareholders' Mandate For RRPT is intended to facilitate the Companies within the Group to pursue business opportunities which are time-sensitive in nature and to eliminate the need to convene separate general meetings on a case to case basis before entering into such RRPT. This will substantially reduce the administrative time and expenses associated with the convening of general meetings on an ad-hoc basis and allow JTH to channel manpower resources towards attaining other corporate objectives.

The Group is able to secure the products and services from the Related Party with the desired capability and capacity to meet the Group's requirements. Additionally, the Related Parties have been reliable supplier and or customer of the Group for many years and the Group has benefited in term of competitive pricing and business efficiency.

2.6 Methods and Procedures

The Group has established the following methods and procedures to ensure that the RRPT are undertaken on arm's length basis on terms not more favourable to the Related Party than those generally available to the public and are not to the detriment of the minority shareholders of JTH: -

- i) A list of Related Parties and a summary explaining what constitutes a RRPT is circulated to Directors and Management within the Group to notify them that all RRPT are to be undertaken at arm's length basis and on normal commercial terms which are not more favourable to the Related Party than those generally available to the public and are not to the detriment of the minority shareholders of JTH.

The list of Related Parties will be updated and circulated to the Directors and Management of the Group, as and when the RRPT's status changes or additional RRPT are included or in any event, at least once a year if there is no change in the RRPT's status.

- ii) The thresholds for the approval of RRPT within JTH Group are as follows:

Authority Limit	Approving Authority
RM15,000,000 or less*	- Deputy Executive Chairman
More than RM15,000,000	- Audit Committee

* Transaction of RM15,000,000 or less involving the interest of the Deputy Executive Chairman or person connected with him would be approved by the Audit Committee.

- iii) Records will be maintained to capture all RRPT. The Accounts Department monitors actual value transacted of each RRPT to ensure that the Company makes an announcement to Bursa Securities if the actual value exceeds 10% or more of the estimated value disclosed in the Circular.
- iv) The transaction prices, terms and conditions on purchases and sales will be determined by market forces, under similar commercial terms for transactions with third parties which depend on demand and supply of the products and subject to the availability of the products in the market. At least 2 other contemporaneous transactions with unrelated third parties for similar products and/or quantities will be used as comparison, wherever possible, to determine whether the price and terms offered to/by the related parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for the same or substantially similar type of produces and/or quantities.
- v) In the event quotation or comparative pricing from unrelated third parties cannot be obtained, the cost plus method will be used in the determination of fair price or contract rates. This method determines the arm's length price or rate by adding an appropriate mark-up to the cost of production. The appropriate mark-up is the percentage earned based on the industry standard, where applicable, or by company on unrelated party transactions which are similar to the Related Party Transaction.
- vi) The annual internal audit plan shall incorporate periodic reviews of all RRPT entered into pursuant to the shareholders' mandate to ensure that procedures in respect of such transactions are adhered to. The Audit Committee shall review the internal audit reports to ascertain that the established procedures for monitoring the RRPT are complied with.
- vii) The Audit Committee has the overall responsibility for the determination of the methods and procedures. Such review methods and procedures may be modified, supplemented or replaced from time to time by the Audit Committee.
- viii) Where a member of the Board or Audit Committee has interest in the RRPT, he shall declare the nature of his interest and abstain from deliberation and decision making by the Board or Audit Committee on the RRPT.

2.7 Disclosure

The disclosure of a breakdown of the aggregate value of RRPT conducted pursuant to the shareholders' mandate during the financial year will be made in the annual report of the Company, amongst others, based on the following information: -

- i) the type of RRPT made; and
- ii) the names of the Related Parties involved in each type of RRPT made and their relationship with the Company.

2.8 Audit Committee Statements

The members of the Audit Committee are as follows:

	<u>Designation</u>	<u>Directorship</u>
1. Gen Tan Sri Abdul Rahman Bin Abdul Hamid (Rtd)	Chairman	Independent Non-Executive Chairman
2. John Leong Chung Loong	Member	Independent Non-Executive Director
3. Dato' Wong Lee Yun	Member	Independent Non-Executive Director
4. Datuk Talib Bin Haji Jamal	Member	Independent Non-Executive Director

The Audit Committee has seen and reviewed the procedures mentioned in Section 2.6 above and is of the view that:

- i) the said procedures are sufficient to ensure that the RRPT as set out in Table A Section 2.2 of this Circular are not more favorable to the Related Party than those generally available to the public and hence are not to the detriment of the minority shareholders; and
- ii) the Group has in place adequate procedures to monitor, track and identify RRPT in a timely and orderly manner and such procedures and processes are reviewed on a yearly basis or whenever the need arises.

2.9 Condition of the Proposed Shareholders' Mandate For RRPT

The Proposed Shareholders' Mandate For RRPT is subject to the approval of the shareholders of the Company at the forthcoming 56th AGM.

2.10 Validity Period of the Proposed Shareholders' Mandate For RRPT

The Proposed Shareholders' Mandate For RRPT would be effective immediately upon passing of the ordinary resolution at the 56th AGM and will continue in force until the next AGM of the Company (whereupon it will lapse, unless renewed at such meeting) or until it is varied or revoked by the Company in general meeting (if so varied or revoked prior to the next AGM).

2.11 INTERESTS OF THE DIRECTORS AND MAJOR SHAREHOLDERS
